Question & Answer Session (Bonus Content)

The following represent questions from participants which were answered directly by panelists within the Zoom Question & Answer Box:

Are there any free short online courses you would recommend for a university student currently studying Medical Laboratory Sciences? I'm interested in courses that can enhance my skills in areas like clinical diagnostics, laboratory management, public health, disease surveillance, or health data analysis preferably with certification.

ASCP (Staff) and APHL (Staff)

Yes! Absolutely! We would encourage you to check out the free content on CDC's OneLab REACH learning management system, which offers a wide range of available content: <https://bit.ly/OneLabREACH-ASCP>

For an additional resource for courses and expert training in laboratory skills, visit the APHL Learning Center (ALC): <https://learn.aphl.org/learn>

Are fellowships available in APHL for international applicants? Who is eligible to apply for these fellowships? Please guide.

ASCP (Staff) and APHL (Staff)

APHL-CDC fellowships require that someone is a US citizen. You can find more information about fellowships by reaching out to: fellowships@aphl.org or visiting APHL's Laboratory Fellowships website at: <https://www.aphl.org/Career-Pathways/fellowships/Pages/default.aspx>
